

## **PRACTICE HOMA THERAPY FOR RELIEF**

Vasant

Earth is shifting more on its axis causing more extreme change in climatic conditions and more incidence of disease.

Chemical and molecular structure of bacteria changing and becoming more immunized to conventional medical methods. **WE OFFER YOU HOMA ON A SILVER PLATTER OF GRACE. TAKE IT OR PERISH.**

Certain known geographic areas change. The change is so rapid and drastic, in six months you could not recognize the place.

Geese carry some cancer causing agents in their coats that strike rapidly and become deadly.

Everyone will soon start seeking our Fire Temples as places of refuge, places of healing.

\*\*\*

## **PERFORM AGNIHOTRA FOR THE SAKE OF YOUR GARDEN**

Vasant

Gardening is being done by local people by using Agnihotra ash as fertilizer and also Agnihotra atmosphere as conducive to plant growth. Again, this is not belief. **WE HAVE TRIED SEVERAL EXPERIMENTS AND BASED OUR CONCLUSIONS ON MIRACULOUS FINDINGS. THE SIZE, MULTIPLICITY AND QUALITY OF VEGETABLES IS SUPERB.** However, it is better you try this experiment in your own garden. Then you will see for yourself. Even if you seek only to perform Agnihotra for the sake of your garden and you do so regularly it is going to benefit you. So you can begin with your garden and see how you like the effect on your mind at the same time.

## **CONTROL YOUR BIORHYTHMS, CONTROL YOUR FATE**

Vasant

Cataclysmic changes in atmosphere noted now. Extreme highs in mid May. Heat wave this summer will exceed record breaking highs in temperature. As pollution worsens, this gives way to climatic inconsistencies. Weather changes due to polluted atmosphere. This can be corrected. **THE BASIC RHYTHMS OF NATURE ARE BEING TAMPERED WITH BY MODERN MAN.** Science and

technology have done little more than destroy the healthy layer of ozone upon which this planet survives.

Now science will look to the Vedas for ways to replenish the plant kingdom with nutrients deprived. Not only this but indications will be given in future of how man can control his own biorhythms, his own fate.

By attuning the free will to the will of God, this relieves man of the burdens and the multitude of emotional ups and downs he normally must endure. AGNIHOTRA PAVES THE WAY FOR THE UNFOLDMENT OF DIVINE CONSCIOUSNESS. NO BELIEF IN GOD IS REQUIRED. That there is a will higher than our own has to be acknowledged. However no belief is required. Here also regular practice of some such practices including Agnihotra simply allows man the ascent to higher consciousness. That there is a higher consciousness also is not required to be believed.

THAT THERE EXIST CERTAIN MANIFESTATIONS BY GRACE NEED NOT BE KNOWN TO YOU. YOU NEED NOT CHANGE OR ALTER YOUR OWN PERSONAL BELIEFS NOR CHANGE OR ALTER BELIEFS OF ANY-ONE AROUND YOU.

NO BELIEF IS REQUIRED. You must have both eyes open to see clearly. Experience for yourself, then if you choose to believe believe simply your own experiences.

### **A WONDER WEAPON**

Berthold & Monica Jehle, W. Germany

A well known scientist in Germany who has studied physics, chemistry, botany, medicine, radiology and teaches in a German university wrote to us "AFTER I TESTED AGNIHOTRA MYSELF IT REALLY SEEMS THAT WITH AGNIHOTRA YOU HAVE A WONDER WEAPON IN YOUR HANDS." The scientist mentioned above also leads a cancer research center in Germany.

Agnihotra seems to harmonize the different subtle and gross systems of the body. Agnihotra creates harmonious mind.

Agnihotra atmosphere is medicinal.

Agnihotra is the smallest form of Yajnya, a process of purification of the atmosphere given through the Vedic Science of Bioenergy. Agnihotra is based on one circadian rhythm of nature corresponding to sunrise and sunset. Agnihotra is the first aspect of Homa Therapy.

## **What is Agnihotra?**

Exactly at sunrise and sunset you prepare fire in a copper pot of pyramid shape. No mineral oil is used. Dried cowdung and some special medicinal varieties of firewood are used in the preparation of fire. If these special varieties of firewood are not available one may use firewood from any tree which does not have thorns or bear bitter fruit. Cow's ghee and a small quantity of brown rice are offered into fire to the accompaniment of two simple vibrations known as Mantras. This in short is the small process of Agnihotra which anyone in any walk of life can practice with only a little discipline.

### **Agnihotra Atmosphere.**

Any change induced in the atmosphere automatically affects Prana and Prana and mind are like two sides of the same coin. This is the basic concept in Homa Therapy given through the Vedas. One may ask, is any change induced in the atmosphere? How do we know it is beneficial?

It is easy to see that when you burn something in fire some change in atmosphere is bound to take place. When you utter the Mantras it is certainly likely that you set into motion a vibratory pattern into the atmosphere. The radiations of metal copper and the accentuation of healing radiations due to the peculiar pyramid shape of the pot are bound to have an effect on the atmosphere. When you put something into fire it is likely that the effect becomes more subtle and spreads to a wider area.

Cowdung has been used for centuries in Germany, Scandinavia and other countries of Europe as an extremely valuable medicinal substance to bring about the cure of diseases. If we refer to books on folk medicine in any country in Europe you will find the importance of cowdung mentioned in it. Cow's ghee is a special substance which is vital in Agnihotra and in any Homa, small or big. The combined effect of all the above when injected into the special atmosphere which remains for a short time band exactly at sunrise and sunset brings about beneficial changes in the biosphere. Agnihotra atmosphere is medicinal.

### **Agnihotra, The Medicinal Aspect.**

When we experienced for the first time in 1974 Agnihotra fire and decided to commence the practice at sunrise and sunset we noticed the harmony that began to pervade us. We observed the same result with several others who had started Agnihotra. WE DO ASSERT THAT CHILDREN IN GERMANY WHO HAVE

LIVED SINCE BIRTH IN AGNIHOTRA ATMOSPHERE BECOME EXTREMELY HARMONIOUS AND KIND. We quote below a few things that we observed.

**In Agnihotra atmosphere the nervousness of children becomes less and less.**

School teachers who practice Agnihotra say that they can now teach children without any special efforts on their part.

A boy who could not sleep for four years a single night without interruption or crying started getting good sleep every night without any interruption.

A six-year-old child with troubled mind wetted the bed every night started sleeping calmly without wetting when Agnihotra was introduced in the family. It is now accepted that disharmony of the mind results in several bodily diseases. Thus we may say that Agnihotra means a great prophylactic against disease.

#### **A) Agnihotra Ash Medicine.**

We have been practicing Agnihotra since 1974. The person who introduced Agnihotra to Germany told us in 1975 that Agnihotra ash was termed VIBHUTI in the science of Homa Therapy. He further explained that the word literally meant a Holy Person implying that the ash had healing qualities. As a professional pharmacist I was especially interested to take trials.

#### **Cures Effected only by Agnihotra Atmosphere.**

A nine-year-old child had bad frontal sinusitis. All medical treatment did not help. A date was fixed for operation. The mother heard about Agnihotra and started performing it regularly together with the child. Immediately the pale face of the child became rosy; headaches disappeared. The child started sleeping better and was able to concentrate better. Puss was loosened within four days. The child was examined again by Doctor. The frontal sinusitis had disappeared quickly without any medicine. The doctor characterized the healing "Miracle."

Many people who have been practicing Agnihotra regularly tell us one thing in common. Diseases like mucous in the nose, migraine, sore throat, cold, epilepsy which used to recurr periodically stopped altogether in some cases and the period in between became longer in some others. If the disease did come again it was not as bad as before and in several instances disappeared totally. THIS FACT WAS TOLD TO US BY SO MANY AGNIHOTRIS THAT WE REFUSE TO BELIEVE THAT IT WAS MERE COINCIDENCE IN ALL THESE CASES. Another statement we heard from several people who practiced Agnihotra regularly. Mucous in the nose could be easily cured by inhalation of Agnihotra fire atmosphere. Here

we would like to refer to a special phenomenon. Asthmatic persons who normally could not endure any smoke found no difficulty with Agnihotra smoke.

### **B) Agnihotra Ash Medicines.**

We were told that several hundred Agnihotri families in United States had made experiments with plants by feeding them Agnihotra ashes. We were told that there were several thousand families in U.S. who have been practicing Agnihotra for the last few years. Some of the observations regarding mental harmony interested us and it was also our own experience. Hence we decided to pursue the research on Agnihotra Ash and have now prepared the following medicines from it.

Agnihotra Powder

Agnihotra Capsule

Agnihotra Ointment

Agnihotra Cream

Agnihotra Eye Drops

Agnihotra Suppositories

Agnihotra Inhalation

A lady who had malignant ear pains and also had an allergy against water in the ear was treated with Agnihotra ear drops. In spite of her great fear that the drops contain water she was cured very quickly without any allergic symptoms.

We have noticed Agnihotra and Agnihotra Ash exhibit direct healing power without any secondary effect. The time had come to test Agnihotra as medicine on a wider scale as medicine for man. The laws in our country regarding medicines and their preparation are truly stringent. However in a well equipped pharmacy we had the opportunity to produce Agnihotra Ash medicines and take some trials.

The success with skin diseases was miraculous. Small and big wounds which had defied all medicines were cured within a short time. Skin fungus, even anti-biotic resistant, was healed quickly. Inflammations, herpes, whitlow, swellings and other skin diseases were cured within a short time. A dermatologist who took trials with Agnihotra Ash was amazed by its great healing power. He informed us that there was not even a single case of any secondary infection even when the ash was used in very bad open wounds. Some doctors have confirmed the exceptional healing power of Agnihotra Ash against skin diseases. Agnihotra Ash Medicine taken in-

ternally also gave amazing results. Following are some of the cures effected by Agnihotra Ash Medicines:

- Strong nasal congestion: Agnihotra ointment rubbed in daily and nightly on chest and back. Congestion loosened quickly. Cure effected within one week.
- Age-worn eyes: Agnihotra eye drops in both corners of the eye and one drop rubbed underneath the eye lid. Vision improved in one day.
- Cold with sore throat: Agnihotra ash powder with honey and bronchial tea. Throat pains disappeared quickly.
- Ringworm: Agnihotra powder together with Agnihotra vaginal bowles. Cure in two days.
- Strong muscular pains: Agnihotra ash taken twice daily internally. Pains disappeared in two days.
- Diarrhea: Internal application of Agnihotra ash only once. Stool went back to normal.
- Rectal cancer: Agnihotra ash powder three times daily and suppositories twice daily. Substantial healing. No blood or nearly no blood in stools.
- Enlargement of tonsils: Half a tea spoon Agnihotra ash powder taken internally twice daily. Tonsils went back to normal. Fever disappeared.
- Extreme Menstrual bleeding: Three times daily Agnihotra ash powder to be taken with honey. Within eight weeks bleeding went back to normal. Migraine headache and extreme pain disappeared.
- Kidney pains: A pinch of Agnihotra ash powder thrice daily. All pains disappeared in one week.
- Gastritis: Agnihotra ash powder three times. Healing took place after poisons were secreted through mucous membrane.

- Migraine: A pinch of Agnihotra ash powder twice daily. The period between two migraines became longer and longer. Tiredness disappeared.
- Pressure in throat caused by nerves: A pinch of Agnihotra ash powder three times daily. Within four weeks no more pressure. All drugs eliminated.
- Difficult child: A pinch of Agnihotra ash powder one evening. Aggression reduced. Child becomes more and more friendly.

During the preparation of Agnihotra ash medicine we use pure substances like water, honey, ghee.

#### Visit to U.S.A.

In the autumn of 1977 Vasant delivered a series of three lectures at Johns Hopkins University and requested the audience to examine Homa Therapy as an alternate healing method to start with. We were invited by Vasant to go to U.S.A. as his guests and discuss the subject of Agnihotra Ash Medicines with experts in the field of botany, biology, medicine, psychiatry, biochemistry, etc. We were also given an opportunity to share half an hour of Vasant's time at Johns Hopkins lecture series. Our discussions with several groups in U.S.A. were fruitful and now Agnihotra spreads on both sides of the Atlantic by Divine Will.

This simple form of Agnihotra was introduced to the West by Vasant under the command of Parama Sadguru Shri Gajanan Maharaj of Akalkot India. The message of Agnihotra spreads through the corridors of science.

In U.S. we met several people who have been using Agnihotra and Homa Therapy in Psychiatry practice. Thousands of families in U.S.A. and Europe who practice daily Agnihotra have benefited from the medicinal and other aspects of this smallest form of Homa.

#### SATSANG NEWS

Karen Jeffries gave a Homa Therapy course at Johns Hopkins University. Another course was given at the university at Charlottesville. The attendance was large. More and more people wish to enroll their names for Homa Therapy courses.
