

REVELATION

Vasant

JUST AT THE EQUATOR NEAR SOUTH AMERICA THE EARTH BEGINS TO SPLIT. SOME SCIENTISTS BECOME AWARE OF THIS DUE TO DISAPPEARANCE OF SOME OCEAN GOING VESSELS. THEY DO NOT WANT TO START PANIC, SO THEY DO NOT SAY ANYTHING IN PUBLIC. BY GRACE THEY FIND IT FUSED AGAIN, THIS IS DUE TO PROPER PERFORMANCE OF YAJNYA. STRANGER THAN SCIENCE FICTION.

DNA-TNA. ALL METABOLISM CHANGING. ALL LIFE CHANGING, MUTATION FROM GENETIC DAMAGE BECOMES PROFUSE. TERRIBLE. ONLY WAY TO GUARD AGAINST THIS IS BY BIO-ENERGY, BIO-GENETICS AS GIVEN THROUGH THE SCIENCE OF YAJNYA, GIVEN IN VEDAS. BEES, ESPECIALLY WASPS, EMIT A HORMONE WHICH IS DANGEROUS. FLOWERS STOP POLLENATION. BEES UNABLE TO PRODUCE HONEY, UNABLE TO AID IN THE REPRODUCTIVE CYCLE OF PLANTS AND PLANTS START DISAPPEARING.

ANIMALS BEGIN TO CONTRACT STRANGE DISEASES.

ANTS ARE DEADLY.

HEART CONDITIONS BEGIN TO POP UP OUT OF NOWHERE. CHILDREN BEGIN TO DEVELOP HEART CONDITIONS BECAUSE OF POLLUTION. ONLY WAY OUT IS YAJNYA. PERFORM AGNIHOTRA.

CHEMICAL DERIVATIVES OF REACTION WITH NITROUS OXIDE ARE HARMFUL WHEN INHALED.

VIRAL PNEUMONIA SPREADS EXCEPT IT IS NOT VIRAL PNEUMONIA. IT IS A VIRUS INFECTION CAUSED BY BREAKDOWN IN OZONE LAYER DUE TO POLLUTION.

IT WILL GET SO NOW THAT PEOPLE HAVE DIFFICULTY EVEN BREATHING IN LARGE CITIES. THOSE WITH LUNG DISEASES, TERRIBLE. PEOPLE AROUND MID-DAY WILL FEEL LIKE THEY ARE CHOKING. THE MIXTURE OF THE LIGHT OF THE SUN AND POLLUTION IS TERRIBLE.

SKY SEEMS LIKE IT IS FALLING. SO MUCH POLLUTION IN AIR. AIR BECOMES HEAVY AND DIFFICULT FOR MANY TO BREATHE.

INFLAMMATION AND DETERIORATION ARE THE NEXT STEPS WITH DISEASE THAT DOCTORS KNOW NOTHING ABOUT TODAY.

THE SUN AFFECTS THE CHILD AND IT DOES NOT NECESSARILY HAVE TO BE DIRECT SUNLIGHT.

MANGANESE CAUSES PROBLEMS.

PEOPLE SOON BEGIN TO PANIC ON A LARGE SCALE. THERE WILL ACTUALLY BE PANIC IN THE STREETS.

DISASTER BEGINS ON HUGE SCALE NOW. AGNIHOTRA OFFERS PROTECTION. TRY IT, SEE IF YOU LIKE IT.

A TERRIBLE WAVE OF DISEASE TO COME TO NEW YORK CITY.

THE DRUG COCAINE FROM THE COCA PLANT BECOMES PHYSICALLY ADDICTING DUE TO POLLUTION. PEOPLE MUST BE WARNED. ONLY WAY OUT IS YAJNYA.

CATTLE BEGIN DYING IN DROVES. EVERYTHING THRIVES IN AGNIHOTRA ATMOSPHERE.

QUICK TRANSPORTATION — Reference in Vedas

Vasant

Time space alteration taking place. Where will it go from here?

A NEW RACE IS BORN. A NEW CIVILIZATION WILL BEGIN. SALVATION IS COMING. SALVATION HAS COME. WE MUST FIND ALTERNATE CLEAN BURNING FUELS, ALTERNATE MEANS OF TRANSPORTATION. THERE IS REFERENCE IN THE VEDAS OF QUICK MEANS OF TRANSPORTATION. THAT NEEDS NOW TO BE RESUSCITATED.

Many people now begin to contact us due to the material they have read in *Satsang* and the phenomena that follows.

HOMA THERAPY FARMING

Vasant

Do you want to take trials about agriculture?

Take a seed and place in cow's urine for one day.

Remove the seed and cover with cowdung and let dry in the sun.

Then plant the seed with Agnihotra ash.

Have a good mind when you plant.

Plant on no moon day or full moon day, depending seed planted.

Observe the growth of plants, disease resistance, reproductive capacity, quality, etc.

Perform Agnihotra regularly and give the ash to the soil.

Then some mile away plant another seed of same stock in same type of soil with similar exposure to sunlight, etc.

Observe the difference if any, and just report your findings.

We do not ask for conclusions.

People can draw their own conclusions from your trained observations.

AGNIHOTRA PLANT THERAPY

Vasant

If one will take distilled water and mix with it a solution of Agnihotra Ash, plants will thrive if watered with that water and with Love.

Incidence of disease in plants becomes less.

If a plant is diseased, feed the plant with the water and ash twice daily, just before sunrise and within one hour after sunset.

Be full of Love but with compassion, not pity.

Talk to the plant and tell it to get well and be strong.

Aerate the soil every other day around the plant by sticking an object into the soil.

Then most important, take Agnihotra Ash and put it into water.

Let it sit in the water for a period of three days after stirring the solution.

The ash should be powdered.

After letting it sit for three days, pour it through a tea strainer or paper towel as though you were making ghee.

Use this to spray the plants.

By doing all this, you can protect your plants from disease and insects.

You can heal them if they are ill, by Grace.

You can increase the nutritive and quality of the plants tenfold.

By the way spray the plants at the same time they are fed the water-ash solution.

Also you can mix a little dried cowdung powdered in the water-ash plant food.

It will be better that the dung be dried.

Also, if one is doing Mantra when caring for the plants, it will thrive.

If a plant is especially ill, keep it in the room when you do Agnihotra. This is extremely important.

In three days the plant will be well.

Performance of Agnihotra energizes plants and gives plants nutrients.

The atmosphere becomes nutritional, the rain becomes nutritional, the soil becomes nutritional.

Hence, crops become nutritional. Grow plants, crops with Agnihotra.

Especially medicinal plants from now will thrive in Agnihotra Plant Therapy.

LONDON FESTIVAL FOR MIND AND BODY Gillian & Donald Weatherby

Vasant made his first visit to London, England to spread the message of Love and introduce the science of Homa Therapy. It was our extreme pleasure to host him for four days and to accompany him to numerous meetings. He arrived on Saturday, May 6 from Amsterdam.

Several hours later we found ourselves amongst thousands of people who were attending the second "Annual Festival For Mind and Body". Inside Olympia, a large convention/exhibition center, about one hundred and fifty different groups were taking part. Each organization had its own stall or area to dispense information. It was an excellent opportunity to meet with people and exchange information.

A wide range of interests were represented by groups on Health and Healing, Yoga, Meditation, Ancient Wisdom, Farming, Gardening, Psychic Phenomena, etc. The festival, a nine-day affair, was an overwhelming example of how many people are searching in these directions. It was expected that one hundred thousand people would attend.

Vasant spoke with a number of people and briefly explained Homa Therapy as it is practiced by thousands of families and individuals in the United States and Europe. We also arranged to meet several people after the exhibition and discuss this ancient science of Yajnya in more detail.

On Sunday, May 7 we visited with a group of people at Moorhurst, a healing center in a beautiful country setting in Surrey, south of London. They have no formal teaching or dogma and invite people to come and speak on a wide variety of

subjects. Vasant gave an inspiring talk and the listeners were extremely receptive and anxious to begin practicing Agnihotra. Arrangements have been made to return to the Cafe/Food Store and demonstrate Agnihotra to another group of people.

Monday and Tuesday another five meetings were arranged with members of several organizations, and someone interested in conducting experiments with plants. Many people were interested to learn about Agnihotra and to experience it for themselves. People seem to be just waiting for someone to tell them of this common denominator that can help them explore their own disciplines more clearly. People are attracted by the purity and simplicity of the message brought to England by Vasant.

Many seeds have now been sown in England thanks to Vasant and many contacts still to be followed up. Things have opened up so quickly now. Plans were also discussed for opening a Fire Temple in the near future. Vasant left for Holland on Tuesday on his way back to India.

HEAL THE ATMOSPHERE ASSOCIATION

A nonprofit organization exclusively for educational and charitable purposes it was incorporated under the above name in June 1978.

Some of the purposes for which the corporation was formed include the following:

To involve the scientific community and the government in the research of the benefits of Agnihotra.

To act as a lobbying group for scientific and educational purposes in the dissemination of information on Agnihotra for public knowledge.

To conduct scientific and educational experiments on atmospheric healing.

Charles Davis, Ross Ford and Vincent Taylor are the directors of the corporation.

SUGGESTIONS FOR DOCTORS, OTHER PRACTITIONERS, PSYCHIATRISTS AND PSYCHOTHERAPISTS . . .

Monika & Berthold Jehle, West Germany

If you wish to introduce Agnihotra or Agnihotra ashes as medicine in your medical practice, please observe the following:

- 1) Practice first yourself Agnihotra — you will then realise better the excellent effect.

- 2) The patient should, as a rule, himself perform the Agnihotra fire twice a day or should be present where it is done.
- 3) The patient then can use, under your directions, his own ashes as medicine. Only in exceptional cases Agnihotra medicines should be given to persons who do not practice the fire themselves or take part in the performance.
- 4) Please use in combination with Agnihotra ashes only pure natural substances like water, honey, ghee, sea salt, cereals

FROM VASANT'S PERSONAL TALKS

This place, Agnihotra Press, is now seeded with Divine Energy. The Energy begins to manifest in the form of power, the power of LOVE. Shree manifests here in a big way. You are able to see these manifestations.

Sometimes things get busy and a little confused so that they begin to go correctly in a big way. Such is the case here today.

Many things were worked out for you, this trip. More than you can imagine. We have to do most of the groundwork because there is no immediate fruit or result always. Only sometimes we are given a gift and the effect fructifies immediately.

"We walk through the valley of the shadow of death. We shall fear no evil for Thou art the Power and Glory forever."

Noblest of times coming now.

If a holy man holds his right hand over an Agnihotra pot, in certain cases there becomes a reaction and the healing potency and purity become more.

FIRE MEDITATION CENTER

by Ernest Collier

Fred Clifton inaugurated a Fire Temple in New York on April 22, 1978. This expression of love was the culmination of sincere efforts by many New-Yorkers and non-New-Yorkers alike that stretched back over a period of time.

Awareness of the need of Fire Temples is tied directly to Vasant. In the December issue of *Satsang* he had stated:

“New York City covered by a great cloud of smog all the time from November. Fire Temples must go to New York. They must come up quickly if this situation is to be counteracted.”

There shall be more Fire Temples to come. Much work is being done now. These simple abodes of peace are lighting up all over.

FROM SATSANG CORRESPONDENCE

Dear Vasant,

I am responding to the February 16, 1978 issue of *Satsang*, which contains a section on “Homa Therapy for Farming.”

I would like further information about how to use Homa Therapy in farming. I am a graduate student at Tuskegee Institute, studying in the area of Food Science. Since I have been doing Agnihotra (happy and peaceful), I am becoming interested in furthering my education in Horticulture, but the real education is with the Fivefold Path and Agnihotra.

I would like to learn how to get maximum yield out of minimum agricultural area, how to keep ground and soil fertile, how to treat seed, how to nourish crops and anything else that would be helpful and beneficial for farming in these difficult times.

I would like to use these techniques in helping sister Ruby Lewis with the farming that's about to begin at the Tuskegee Fire Temple.

I will humbly await for your reply and Thank You for your kindness.

Love and Peace,
Haywood Davis

ATTENTION FRIENDS

In Madison, we are looking for good workers who wish to forge wills of iron in fires of Tapa while coordinating physical development (with scheduled projects like logging, land clearing, gardening) and spiritual/mental development (with daily schedules of Yajnyas, meditation, chanting, fasting, silence, asanas, Pranayama).

Room and board will be provided.

If you are interested in trying an austere environment for some time (three weeks or more), send a resume to:
