

FIRE IS THE COMMANDMENT OF THE HOUR

A time comes when old values, old traditions, institutions collapse on their own because people feel so miserable about it. Already people start feeling about it and so it does not work. Things will become worse and also clear. When this happens the time is for new traditions, new orders. No one needs to destroy the old. It collapses by itself, brings about its own destruction. **THE NEW JUSTICE HOWEVER LIVES OFF ITSELF AND NEEDS NO PROMOTER TO SELL IT. IT WORKS AND STRENGTHENS ITSELF OUT OF ITS NEW POWERS.**

Time is changing quickly now. **IF WE LIVE MODERATELY AND WITH FAITH, IF WE DO OUR DUTY AND PERFORM YAJNYA PROPERLY THE CHANGE WILL PASS US BY.** We will change subtly and the change will be powerless.

The great change will come like a wave. Not every area reaps at the same time. Not every race is reached at the same time. Justice is the law of the hour and Grace is the love of the Lord.

THE TIME IS NOW. Let us make all efforts to keep ourselves ready so that the change takes place. **ON A HIGHER LEVEL THIS CHANGE IS ALREADY A REALITY.** At lower level it has still to form itself out. **THE WHOLE IS A PROCESS ACCORDING TO LAW AND NOT A SUDDEN ACTION WHICH COMES INTO FORCE. THE INSTRUMENTS ARE CALLED IN TIME ACCORDING TO THE LEVEL AT WHICH THEY SHOULD WORK SO THAT THEY ARE READY AT THE EXACT TIME. THE PLAN IS PREPARED LONG TIME BACK.** Now all is ready.

NOURISH THE EARTH WITH ENERGISING POWERS OF YAJNYA. GROW ABUNDANT FOOD WITHOUT CHEMICALS BY YAJNYA FARMING. YOU HEAL THE ATMOSPHERE THROUGH YAJNYA AND THE ATMOSPHERE HEALS YOU.

YAJNYA IS THE COMMANDMENT OF THE HOUR.

Yours sincerely,
SATSANG

LIVE THE LOVE. REALIZE THE I AM

(SATSANG gave the following message at Akalkot, India on Christmas Day, 1980 before a group of international Fivefold Path seekers.)

The Son of Man has come to earth to bring again the Laws of Man so that men are not lost. Aum.

Through FIRE network of ignorance stops. Shree opens the flood-gates of His Truth and give His complete Truth through the transforming power of fire. So the imperfection of darkness disappears, the circle of death is broken and His Kingdom is set in again. Aum.

The words of all true Scriptures will be fulfilled, letter by letter, sentence by sentence. All who believe will sing a great song of jubilation. The ones who live in sin, however, will be choked with grief and it will be terrible. The Law is called Grace or Justice according to how man has used his free will, how he has directed his energies.

Agnihotra is given as means to resuscitate a destructed community. The New Age is set in with FIRE as mediator. SHREE has set in again the FIRE as the basic action ordained for man. Now anyone with goodwill can use this process for his welfare and for the welfare of his surroundings.

FIRE generally can teach anyone who has served it long enough, FIRE is the meeting point of both spheres, matter and spirit, gross and subtle. Here the energy from different spheres can be interchanged. Here evolution can be effected.

Most things about development through FIRE take place on subtle, spiritual level and are therefore, more important. The material effects of FIRE are comparatively small but a good introduction for the materialistic mankind. The LORD is great, and wonderful are His ways. Aum.

Peace be with you.

The FIRE gives you the power to practice your will, to live up to your disciplines. Let us be grateful for all that helps.

When a Homa FIRE burns you can concentrate better while looking at the flame than with eyes closed. This is because through your look you are more directly connected with the flame and thereby partake of its quality of spiritualising and transforming into the highest state. Through an attitude of humility and devotion this effect is intensified.

The tractive force for meeting of the New Time must come from inside. First the necessary spiritual field for it has to be created which is reached by a spiritually higher energy level. This is done by purity, doing disciplines and through FIRE. Thus all levels are purified and the flow of energy and attraction of Grace is strengthened. Afterwards the outward form for it can be built up as meetings, common evenings, weekends, Yajnya days, etc. Specially suited for this are the days of Moon-change as the atmosphere is in a special energy state. This gives us a little more insight into the spiritual laws.

The circumstances now become rapidly worse and we need a strong anti-power also on material level. Look for enough supply and become an efficient team. We need each one with greatest possible efficiency. There is no longer time to play games. It is The Great Change. Do more Homa. This is very important. In fire lies the power for a harmonious transformation. FIRE is a must. FIRE is the commandment of the hour. Remain in SHREE and use Homa and blessings upon blessings will flow to you. Grace upon Grace comes to you as you fulfill SHREE'S LAW.

SHREE has given message to the atmosphere. From knowing, talking, explaining we have to go into silence and realising. You go into the innermost and SHREE radiates out of you.

Let us go from talking to living the Truth. Now is the time. Live The Love. Realize the I Am. Aum.

The Sun has risen on the firmament. Aum. Halleluja. It radiates sunshine and gives to all of goodwill. Aum. Halleluja.

HOMA IN NUREMBERG, WEST GERMANY

Jutta Brandt

I am grateful for the great help being given to my life. I feel everyday how necessary it is to practice Yajnya. Unfortunately (no, I should be happy to have these problems so I have the chance to develop myself) I must work very hard with TAPA and in Nuremberg it is hard because there are many more temptations.

Sometimes it makes me very sad to come into the Communication Center and see no joy in the faces of the young people. More than ever you can feel the deep depression in the atmosphere.

When I returned to Nuremberg I began Agnihotra and Yajnya quickly at the center and Matthias told the young visitors about the healing effect on the atmosphere. They

were very interested. After some time I went to the leadership of the center and asked permission to establish a Homa group and to be given a room for Homa. Naturally they asked for an explanation of Homa. After telling of Homa's healing effects I did a Vyahruti Homa in the middle of the room where about 40 persons were sitting.

One of the center's leaders said it was the first time in the history of the center that for a few minutes there was total silence.

The Homa group has been officially admitted now but there is no room available which can be used only for Yajnya. We are looking for a solution. While the center is closed for three weeks I want to use this time to show Agnihotra to my friends and other interested persons.

In my apartment there are two rooms one of which is only for Agnihotra and Yajnya. When we find interested persons at the center, at the university or on our jobs we invite them and show them Agnihotra so they can feel intensively the high vibrations. Sometimes I'm really surprised myself how so many people are interested.

My professor for education in Bamberg acknowledged the time I spent at the Homa Center in Radolfzell as an exercise for the university and in the examination he wanted me to write about Agnihotra and Homa.

FROM SATSANG CORRESPONDENCE

Chile

So much is revealing itself to us. It is all Grace. I am so grateful. Receiving Grace is all that has to be done I feel at this moment.

The trip to Chile was wonderful. I'm sending photographs of two Fire Temples, one up in the mountains and one down in Santiago.

Many, many people are healed by Agnihotra ashes. We are working on a booklet in which all of these people will concisely relate their positive experiences with Agnihotra and the ashes. This booklet will make people know about it.

All people in Chile whom I visited are aware of the direct guidance of the Divine in any situation as close as our own breath—and the presence has not left us since.

We were shown the subtle networks of His presence connecting at all social levels and all different 'forms' and 'groups' and 'differences in beliefs.' We saw the Divine network running through all of them on the inner levels and through this network of love creating one-ness in diversity.

I arrived in Santiago, Chile 28th of October. I came to know many new people and was amazed to see a very beautiful, newly built Homa Therapy Healing Centre in Klaus Pontani's garden. Everything was perfectly organized.

Mr. Pontani organized several talks for me. People are enthusiastic and now we are starting to produce copper pyramids here too. Klaus also is already working at his place with natural medicines and healing.

After one week in Santiago I went to Valparaiso and Vina del Mar and then to the mountains.

The people in the mountains do alot of 'healing work'. Sick people come to visit them and they heal with Agnihotra ash and natural medicines and they also visit the sick as in Santiago.

Everybody seems to be fully informed about the earth's changes and period of destruction.

Tullia

At Klaus Pontani's Homa Centre there is a very nice group of young people very interested in being informed about Agnihotra. We had a meeting there and were very happy to be together around the copper pyramid performing Agnihotra.

I told them what I knew and what I learned from SATSANG, Vasant, Stuart and Lisa. Klaus said, "The family is getting together."

Tullia came and we spent beautiful days together thinking of SHREE and Vasant, Tullia gave some lectures in Santiago and then came to Vina and Quilpué.

Tullia couldn't believe how beautiful and full of fruits my lemon tree was, the one near the Fire Temple. I must tell you that the branches bent towards the Temple trying to enter. Tullia told me "This is the first time I have seen what has been said about vegetables and fruits near a Fire Temple."

I am so happy because Tullia took the mould of the copper Agnihotra pyramid to Klaus to try to have them produced there.

Thelma Buitano

FROM VASANT'S CORRESPONDENCE

Carefully planned use of time is important for all now. Use meditation times as junctions in the day to become more one-pointed and utilize these times for the inward journey. This will reflect in all you do. Be more strict and you will reap much benefit in your work.

Solutions to your problems will not come without proper discipline. The world is

becoming more and more in a state of chaos. There will be no time for decisions. You must pay more attention to every meditation time. The seriousness of this you cannot imagine.

We should never stoop to criticize others for what we ourselves have gone through. Now especially, it is a time when we must be careful not to criticize others. We must help each other in times of need.

HOMA FARMING, HOMA PSYCHOTHERAPY

If we suffer abuse of another person we must fortify ourselves with all vehicles made available to ourselves. If this abuse is too severe we must remove the abuser or remove ourselves from the cause of the abuse. As much as possible try to surround yourself with peace and harmony. This should be first and foremost. In this time of natural disasters we must again turn to that point of strength which is within all of us.

There is no time to think; "Oh, I'm lazy". Just do it. The more you think "I'm lazy" the more lazy you allow yourself to become. There are times when naturally if you are not well, you may be tired or weak. That is normal in life. Strong periods, weak periods. So you rest when you are weak. Do not think "Oh, I'm so weak, I will never be strong". Then you will become stronger. Do not push yourself when you are ill.

HOW TO FEEL HAPPY EVERY SINGLE DAY

I came to start a journey
Leading right into myself
I found the way
I have to go
Now I'm gonna tell you something
So listen carefully

I left my home when I was seventeen
To find the sparkling light
That I had seen
So many times before
Just in my fantasy

I was smoking quite a lot of dope
I was on speed to feel no fear but hope
I lived with many people
And I lived alone

Then I did many therapies
I did dynamic meditation
The Kundalini and other meditations
But still I was not satisfied
Until the day I took a ride
To a magic place named Shivapuri, Akalkot
I found a space in harmony
Where Nature is like she was meant to be
I felt like staying in the house of God

Agnihotra fire purifies your mind
If you start it suddenly you'll find
Yourself in state of constant harmony

The fire keeps you in the here and now
Agnihotra wakens up your energy
That's the reason why I tell you
So start a journey right to that place
And fill yourself with love and nature's grace

When you come back here
You will know the way
How to feel happy every single day
Agnihotra heals the atmosphere with love
Agnihotra is the way.
