## MAY WE HAVE YOUR ATTENTION PLEASE?

If any observatory in U.S. has found some phenomenon quoted in SATSANG to be valid will someone connected with the observatory inform us the address? We perhaps have more interesting things to inform the scientists to enable them to help the world.

## HOMA HEALING IN ANDES

Klaus Pontani  
Santiago, Chile

On April 15, 1978 Cecilia, Leonardo, Carlos and Mario established a wholistic Homa healing center on the shore of Cochiguas River in the Elqui Valley right in the heart of the Chilean Andes. The place is dedicated to inner search faraway from the noisy world. The "house" where they established the center was a goatshed. Before they came to Cochiguas they had been performing Agnihotra for several months since it was shown to them by Mother Tullia. About three months later Vasant visited the place and it became clear to them that immediately they had to establish a Fire Temple there. With all love and perseverance they finished the project within one year.

In a Fire Temple there is no priest and nothing is worshipped. Agnihotra is done twice daily in a copper pyramid tuned to the biorhythms of sunrise/sunset. This process given through ancient wisdom establishes a healing cycle and makes minds full of love.

Since the arrival of Cecilia and the brothers the life of all inhabitants of the valley has substantially changed. Many people come to the center for relief and aid. Here crops

are grown in Homa atmosphere by Homa farming methods based on cycles of nature and manipulation of subtle energies to make the atmosphere nutritional and harmonious. People are treated with simple, natural methods like mudpacks, special baths, herbal medicine and diet. Many healings have taken place which people term as "miraculous." However there is nothing miraculous if you know the functioning of the laws of nature and their corollaries.

A short time after Cecilia and the brothers settled into Cochiguas nine persons including three children came to their house one day asking for help for they had eaten cheese that had spoiled. Considering the seriousness of the situation and the great distance to the nearest medicine facility, they feared that none of them would come out alive from the poisoning. In the healing atmosphere of Agnihotra they were treated with medicinal herbs and mud compresses and very quickly they recovered.

A three month old baby came to this healing center. The baby had a genital tumor which could not be operated on because the baby was too young. The child was treated in Agnihotra atmosphere with mudpacks and medicinal herbs and soon toxins began leaving the body and within two weeks the tumor disappeared.

An old woman had an incurable disease. She was given some Agnihotra ash and she felt much better. She went home with a bottle of ash and when the quantity was finished, she began looking for the "miracle ash" in the pharmacies in her town, but none of them could tell her where to get it.

A shepherd from Cochiguas Valley fell from his horse and was dragged for a long distance. He was seriously injured. He was brought to the Fire Temple, his wounds were washed and Agnihotra ash was applied. In less than one week he was totally cured.

A 30 year old man born with a serious mental disturbance had been in bed for the past five years. It seems he had lost control over part of the functioning of the body. For many weeks he could not sleep and made guttural noises and was always gnashing his teeth. From the normal medical point of view it was a lost case. He was taken to Cochiguas Homa Therapy healing atmosphere, was rubbed with cold water, and massaged with Agnihotra ash powder. All this plus vegetarian food grown in Agnihotra atmosphere helped him much. Within one week he was out of his bed walking and began helping the people on the farm. It seems as if in a short time he will be totally cured.

Many people with suicidal tendencies were cured in Homa atmosphere just within a few days.

One day a donkey with a wounded leg came and stood in front of the Therapy Hut

door and showed his injured leg to the brothers there. They applied Agnihotra ash with ghee on his wounds and was cured within two days. The animal then disappeared without anyone knowing.

These are some of the examples of how GRACE works at the Homa Healing Center in Cochiguas Valley.

## **AGNIHOTRA SPREADS BY ITSELF**

Gabriele Masill  
West Germany

One day some months ago a young man came to our house in Friedrichshafen asking about Agnihotra. We learned that K. was one of the leaders in the youth center of our town. I was curious how he would do Agnihotra since his work schedule was from afternoon to late night (which includes sunset Agnihotra time).

Soon K. told us that he did Agnihotra everyday with the young people at the center with everyone who wanted to join him. We hadn't even suggested to him to show Agnihotra in public and were a little surprised, but happy that he had taken the initiative.

One evening I went to the center with my son Christian. We found K. in a nice, clean room sitting on the floor with the copper pyramid prepared. Soon some youngsters dropped in. K. explained about Agnihotra in his way. He had not mentioned any disciplines but soon everybody took off their shoes and sat around the pyramid. Some people who just happened to stick their heads into the door came in wondering what was going on. We had a nice fire and afterwards I explained about the effect of Agnihotra in purifying the atmosphere.

The youth center is usually a rather noisy place, a hangout for a lot of people who just want freedom and music. Somehow there was only a certain kind of people coming. K. felt strongly that also other youngsters should be attracted and that an area of peace and silence should be created. He invited me to start teaching classes there.

We chose the least noisy day in the house and what a surprise, about 15 people came. After some weeks they still come. They work hard and are very attentive.

Every time I am there I think how fortunate our days are to be able to teach and learn some real good, old wisdom and science at such an early age. We do a lot of breathing exercises and concentration techniques. Two weeks ago I suggested we start meditation classes. Immediately they agreed and everybody showed up early. We began with Mantras and are presently doing Om Tryambakam Homa regularly.

It is a super nice experience to have all sitting around, eyes closed, concentrating and chanting Mantras. I feel these people are very high and purer than many other people I have met. They do not have so many prejudices. They just try and experience. Soon we will do longer Yajnyas. When possible we finish our class with Agnihotra.

## **VILLAGE TOUR—GUJRAT, INDIA**

Klaus Wilhelm

On March 15 Monika and I arrived in Bilimora, Gujrat State. At Avadhutwadi we met Fivefold Path teacher Mr. S. Mulay who joined us for the tour. Mr. Dayabhai Mistry, the head of the place welcomed us. He does Agnihotra regularly and said he would like to establish one room where OM TRYAMBAKAM Homa could be done and beds kept for sick patients wishing to rest.

During the following three days he arranged meetings for us with farmers and also with some students who were there holding a Congress for Youth Affairs. We spoke to the students for one hour about the science of Homa Therapy. Four of them wanted copper pyramids for Agnihotra and they learned the Mantras. Many of the students work with poor people in the area. We were interested to learn this as a major part of our work is to introduce Agnihotra to the poor.

The meetings with the farmers turned out to be big gatherings sometimes in homes, other times outside. **WE TOLD THEM THE ONLY WAY TO GROW HEALTHY CROPS AND INCREASE QUANTITY AND QUALITY OF HARVEST IS BY THE HELP OF HOMA.** Some of the farmers said they wanted to start Agnihotra for the benefit of their plants and also to make their cows happy and keep them healthy. We explained how to do experiments on a small plot of land first and how successful Homa Farming has been done for many years in USA, our native country Austria and many other countries.

Monika addressed the women and made them aware of their duty to make the family happy. This could be easily achieved by creating a pure atmosphere through Agnihotra. When tension on the mind disappears, love spreads. So many women expressed interest and wanted pyramids.

Another meeting was arranged in the college of Bilimora for the teachers. One teacher said the meeting itself must have reduced the pollution in the atmosphere. One professor wanted to start Agnihotra immediately.

From Bilimora we went to the villages of Umbel and Mankana in Surat district. Some farmers already knew about Agnihotra and welcomed us. They took us to different houses to talk about Homa and arranged for meetings in the evening.

IN BOTH VILLAGES FARMERS ARE AWARE OF THE GREAT DIFFICULTIES THEY ARE FACING AS THE NATURAL BALANCE OF SOIL AND ATMOSPHERE IS DISTURBED. INSECTS AND PESTS ARE APPEARING NOW AND THEY ARE UNABLE TO CONTROL THEM. MUCH OF THE HARVEST IS LOST YEAR AFTER YEAR.

We told them this situation could become worse by continuing conventional farming techniques which use chemicals. ONLY BY SWITCHING TO HOMA FARMING ACCORDING TO THE ANCIENT SCIENCE OF BIOENERGY AND AGRICULTURE AS GIVEN IN VEDAS WOULD NATURAL ENERGY CYCLES BE RESTORED AND NUTRIENTS BE GIVEN TO SOIL, ATMOSPHERE AND PLANTS BY THE AGENCY OF HOMA FIRE AND THE RESULTING ASH. ALSO RAINS BECOME NUTRITIONAL IN YAJNYA ATMOSPHERE.

Wherever we went we found open minded people who were receptive and happy to receive the ancient message of Yajnya now presented as a science exactly suiting conditions of present times. Many want to start Agnihotra in their homes and a few farmers also want to perform it on their fields together with OM TRYAMBAKAM Homa at No Moon and Full Moon.

When leaving we were asked to come back again for further tours to different villages. We are very grateful for all the kindness and help we received from the people of Gujrat. Happily we returned there in late April. May Yajnya spread quickly there and may all beings be happy.

### **PUT AGNIHOTRA ASH IN RIVERS**

Berthold  
West Germany

I did Yajnya at the source of the river Brigach and Breg. I also did Agnihotra there. These two rivers join the Jonau. I put Agnihotra ash from our Fire Temple in the waters of both the rivers at the source. The friend who drove me to these places is doing Agnihotra since two months and has made experiments on the subject with earth, water, etc. He knows a lot about herbs. He has been feeding the herbs with Agnihotra ash and the results are beautiful.

### **FROM SATSANG CORRESPONDENCE**

Doing the disciplines is very helpful for me. I do have "slipbacks" when I miss Mantras due to oversleeping. I find much more energy and peace when I get up before

5 a.m. and continue the disciplines. It is a fight to convince my mind but I am much stronger now. I feel my "higher Self" (who wants only to follow His will) is becoming stronger. I am trying conscientiously to surrender my will to His will in all areas of my life breaking lifelong addiction to food, organizing my life and time and trying to overcome anger. I only want to become full of love. This is my only goal in life.

When I feel more attuned I find people come to me and say certain things in such a way as if to ask me to teach them Agnihotra. Once a week I help another woman with an art therapy class for handicapped adults at a progressive handicapped community near my home. She is a therapist but herself has a nerve condition. When she told me about it I mentioned to her about Agnihotra effects on the nerves. The same evening she experienced Agnihotra and immediately began practicing daily on her own.

Another friend, a college student, began Agnihotra several months ago. She missed it during examinations at college and said she felt so drawn to practice it. She comes to stay with us for a few days.

Some people are attracted to Agnihotra as if drawn by a powerful magnet. They do not need explanations. It seems the fire speaks for itself and they just ask "Where can I get the copper pyramid? Teach me the Mantras." Sometimes people are skeptical when we talk but after they sit for Agnihotra their questions become redundant. Seeing is believing. It seems so amazing.

## **FROM VASANT'S PERSONAL TALKS**

Everyone is getting strength now for the work to be done. Each person is given a task to be carried out. You are to do great work on this planet. For this reason you are being spun to get all the ego out of you. But you must know why. All strength is being given to you. You want to postpone your own liberation. But your good Karma does not allow for action against you. We lift you up high by other means than are visible to the eye. Now give us your will and surrender.

We will redirect your own will toward the Light. You are a precious child. Come home now.

You do not know what chances are given, how they are arranged. You do not know how Grace operates to lift you up. You think weak thoughts and fears and we have to pull you harder and harder to lift you up. We pull you up because you are unable now to make the effort required. You are being pulled up in such a way that you will not fall. We take hold of your own will and direct it into Shree's arms. Do not repeat this to anyone. You are under Divine command.

Now time is short. Europe is to be covered quickly. The work is intense. You cannot sit and cry because you made a mistake. Get up, learn it and begin again.

Give everything up now. Go to Shree and surrender. There is no way out but surrender. Your work is so high.

In Germany start some ladies' classes, not to teach but for devotional singing. This is now necessary. Few women will teach Fivefold Path in the way men will go. However women will carry major part of this Divine Message. You are to give love to the people through simple means. When you reach a stage where all you do is serve others and be full of love all the time, people come to you. There is no need to speak. You only look into the eyes and it is done. Power is not put into the hands of those unworthy or incapable of it. Use this strength to deliver impacts to the people. You will see how through your humble love it will go.

Do not think of yourself as anything other than a Divine instrument through which Light passes on to others. You will experience immense joy from this unfoldment. The transformation is unfolding within you. Be full of love as I have always seen in you. Now it is free to come out. May each day bring you more and more joy.

## **BUTTERFLIES ARE FREE**

John Haggerty

Once I was a caterpillar  
Crawling through the world  
Begging for meager crumbs of love  
I foolishly thought were pearls

I thought that I was having fun  
Just doing as I pleased  
But mostly what I experienced  
Was total misery

Until one day I met you Master  
And gazed into Your eyes  
And from that moment on  
I started seeing through the lies

Now Your Love surrounds me  
Like a force field cocoon

And for my caterpillar ways  
There is no more room

I try to follow the Fivefold Path  
Though sometimes it's hard to do  
Especially when my own desire  
Gets in the way of You

But even though You give so much  
The truth is plain to see  
That whether I should rise or fall  
Is really up to me

If I can just be full of love  
In spite of all I see  
Until the day that I'm with You  
And then I will be free.
