REVELATION

Vasant

Yajnya is the birthright of all human beings. It is a must that it be performed for happy life on the planet. Agnihotra must go in a big way now.

Water resources on earth are finding it difficult to absorb energy from the sun. This will result in depletion in marine life and imbalances in nature. This will take its toll in terms of natural disasters like flood and earthquake.

Floods, earthquakes, tremors, tornados.

Two new strains of cancer are discovered.

BIRDS BEGIN TO LOSE THEIR FEATHERS, THEN THEIR WINGS. THEY WILL EVOLVE INTO ANOTHER SPECIES, IF YAJNYA IS NOT PERFORMED ON A LARGE SCALE TO SET THINGS RIGHT.

CLOUDS IN MANY PARTS OF THE WORLD ARE SEEDED WITH HYDROCARBONS AND OTHER TOXINS DUE TO POLLUTION. ONLY WAY TO NEGATE THIS IS BY PROPER PERFORMANCE OF YAJNYA.

Cliffs in England begin to crumble.

Bees in certain areas begin to hibernate in the summer. Thus they cannot pollinate flowers. Plants die. Famine results. As we have said before, fertile areas would turn into wasteland.

SOME CRATER IS FORMING IN ARIZONA DESERT CAUSED BY SOME MASSIVE NUCLEAR IMPLOSION WITHIN THE EARTH. THIS CRATER IS THE AREA OF HIGHLY CONTAGIOUS DISEASE WHICH RUNS RAMPANT THROUGH WESTERN UNITED STATES.

FEATHERS BEGIN TO FALL OFF THE BIRDS. WHEN SCIENTISTS EXAMINE, THEY WILL TELL THAT BIRDS APPEAR BURNT. THIS IS ALL FROM POLLUTION.

FISSURES IN THE ATMOSPHERE CAUSE SEEPAGE OF RADIATION. THIS WILL AFFECT THE EYES OF CHILDREN. THERE WILL BE LOT OF BLINDNESS.

Monkeys turn savage in India. Strangely they attack only those that are meat eaters or nonperformers of Yajnya.

MORE CLIMATIC DISTURBANCE AS EARTH SHIFTS MORE ON ITS AXIS AND AROUND MADISON BECOMES WARMER.

COAST OF CALIFORNIA IN SOUTH NEAR LONG BEACH BEGINS TO BREAK OFF IN THE MONTH OF AUGUST.

Changes in soil composition due to pollution are drastic. Results are disastrous. Soil will be unable to sustain plants or life even. ONLY WAY OUT IS TO PUT NUTRIENTS AND FRAGRANCE INTO ATMOSPHERE AND SURRENDER TO THE WILL OF ALMIGHTY FATHER.

Fissures in the atmosphere. Thoughts like this never crossed your minds but now you will witness it.

A CHILD IS BORN IN SOUTHERN MISSISSIPPI, NEAR BILOXI WHO POSSESSES HEALING POWERS THAT BEGIN TO MANIFEST IN ABOUT TWO YEARS. SHREE HAS PLACED HIM THERE FOR SOME REASON.

Cloud tremors, atmospheric fallout, ionization and fusion of molecular structure causing atmosphere to tilt. BREAKDOWN OF IONOSPHERE. All these things are immanent.

Time is coming when earthquakes destroy western coast of U.S. Beware! We may have to warn people to evacuate an area before a disaster in some instances, some rare instances.

Fantastic winds come now. Hurricanes and tornados year round. SOMEHOW THEY WILL BLOW AROUND PARAMA DHAM AND AGNIHOTRA PRESS BY GRACE.

Tumultuous situation in Rockies. Earthquakes, landslides, storms, drouths. What next?

Elementary laws of physics are blown to smithereens. Scientists, listen to us. We can unfold the Secrets of Creation to you. Do not be blind. It is yours for the asking.

A CHILD IN MAINE IS GIVEN SIGHT. THE CHILD IS BLIND, BUT FROM 17TH MAY HE SEES AND MORE THAN JUST WITH HIS EYES. SHREE MANIFESTS AT HIS DOORSTEP AND STOPS A TRAGEDY. FOR THIS THE CHILD SERVES US. THE CHILD ACTS AS A MONITOR.

All continents now changing, all in a state of flux. Now there will be considerable movement of land, that can be experienced in many places. This will cause much disaster. Much change in constitution of earth to come, chemically and biologically, geographically and ecologically. SCIENTISTS, WHY NOT TRY AND EXPERIMENT WITH HOMA? SO MUCH YOU ARE LEARNING WAS KNOWN BY THE ANCIENTS. IT IS THE ONLY WAY OUT AND THERE IS VERY LITTLE TIME.

One elderly man in North West U.S. knows of fire. It is amazing what he can tell.

A new race has begun it is the Harijans in India, the poor all over the world where they wait.

Shree's children will seek them where ever they are.

SOME MORE EXPERIENCE GIVEN TO A CHILD IN BILOXI, MISSISSIPPI ON APRIL 17TH. SHE TELLS OF SHREE AND SOMEHOW RELATES THAT TO MESSAGES FROM OTHER PLANET.

THE SOLARIUM IS REACHING ITS LIMIT.

AGNIHOTRA IN THE MODERN HOUSEHOLD

The task of the housewife is to look after the welfare of the family. This task is surely not always easy. So we are very happy to inform you that especially for the family Agnihotra means a great help. Agnihotra in the morning and in the evening means a period of calmness for the whole family. Minds become unburdened, stress disappears, hyperactive children become harmonious. AN ATMOSPHERE OF HEALTH AND HARMONY FILLS THE HOUSE.

Of course, we also can make use of the ashes of Agnihotra fire. Many families have a garden to plant their own healthy vegetables. There we can use the Agnihotra ash with great benefit to the plants, when we mix it in the soil. As part of macrobiotic farming you may get best results. The potted plants are grateful, when they get some Agnihotra ash added to their soil.

When someone gets sick, you may fetch a doctor. However, you may find Agnihotra ash a great deal of help, if your Doctor does not disallow. Proper diet always helps. Agnihotra ash taken internally with some honey and ghee may show better results, if accompanied by proper diet. In this case also you may first consult the doctor. We know of a case where Agnihotra ash was given to a sick bird mixed with its food and the bird recovered.

For harmony and health, Agnihotra and Agnihotra ash is the answer.

HOMA THERAPY TREATS DRUG ADDICTIONS

Henry Gregory

Alcohol and Drugs like Heroin etc. are enormous drain on human potential. The misery and suffering that characterise addiction is increasing. HOMA THERAPY OFFERS SALVATION TO THE ADDICTED.

Drugs temporarily reduce tension by slowing the thought process and thereby calming the mind. Artificially, tension, anxiety, worry etc. are suppressed. As with any suppression or repression the impulses soon reappear stronger than they were before. We say tolerance increases. Then more and more quantities of drugs are needed to reach for the elusive state of mind. This is what we call addiction. HOMA THERAPY OFFERS AN END TO THIS CYCLE.

Homa Therapy received limited usage in a drug program in Baltimore from 1974-1976. Several patients were successfully detoxified from heroin and methadone using Homa Therapy.

It is a key factor in our endless search for lasting satisfaction and true meaning. Perhaps this is one reason addiction rates are so high in polluted conditions of the world.

HOMA THERAPY OFFERS A STATE OF MIND THAT IS BOTH TRANQUIL AND CLEAR IN THOUGHT.

With consistent practice the state of mind is maintained for longer and longer periods, until it becomes permanent.

The activity of the mind is not suppressed, but freed to pursue the natural attraction it has for the more soothing issues, ideas, objects etc. that manifest the healing flow of universal love.

The energy (love) regenerates and channels personal energy and connects it with the Cosmic Source. Harmony is established within the lifestyle as behaviour is synchronised with the rhythms of the universe. A former addict expressed this tersely as follows: "The High of Heroin is nothing compared to Agnihotra."

Homa Therapy includes vibrational therapy, the use of sounds (Mantras) to reset energy patterns. Contemporary experiments with plants make it common knowledge that vibrations of love increase the growth and happiness in plants. Other studies identify certain types of music (vibrations) as helpful or harmful to plants and animals. Mantra, Sanskrit sound combinations, effect cellular activity in organisms.

It appears that molecular structure may be manipulated. If we are subtle enough, this may be experienced as a tingling sensation, a lightheadedness or simply as serenity.

- ★ Sanskrit language has 52 characters. These sounds come directly from sounds in nature.

Reciting prescribed mantra in the prescribed manner, harmonises us with nature and her indigenous healing systems. Like listening to the awakening of the forest or hum of the sea, the fire that burns in the heart of each of us is fed and we are united with our primal selves.

Each contact with this deeper nature strengthens us and reinforces positive habit patterns (thought, speech and action) which also provide glimpses of our real nature.

Mantra is important in our efforts to have our minds take on the coloration of love.

That is peace that we all seek, which passeth understanding.

Homa Therapy is the most natural way to change habit patterns including addictions.

Homa Therapy fills all the spheres with love. Love is the best healing energy, which takes care of the Cosmos and all that goes into it. Agnihotra is the first practice in Homa Therapy.

HOMA THERAPY

Vasant

If plants are placed in a room where vibrations of Agnihotra are maintained, one subtle enough can actually see growth, communication etc.

Agnihotra should be performed regularly near water resources and ash put in the water. This alone has beneficial effect on agriculture in the same area.

The Agnihotra pot is alive. More of healing vibrations now come from the pot. It is important to go to the people in a big way. Go to the parks, have children's days, have seminars. **LET THE PEOPLE KNOW THERE IS SOMETHING TO GIVE THEM LASTING RELIEF. THAT SOMETHING IS AGNIHOTRA.**

It is good if Agnihotra ash is taken three times daily and some Pranayama practised in Agnihotra atmosphere.

Ghee not only acts as carrier agent physically but also spiritually. Somehow its properties are so purificatory that it carries also the vibrations of the mantras uttered with it when Yajnya is performed.

When the fire is fully ablaze the mantras are done and the offerings made. See how much energy there is, how the mind is thrust into a peaceful state.

Grey around someone means there is a low level of consciousness there. Mantra will eliminate that immediately.

GERMAN NEWS

Buxheim, 24 Hour Yajnya

Peter and Hella

On May 17th, Shree's birthday, a twenty-four hour round-the-clock Yajnya was performed at Buxheim near Memmingen. Peter and Hella started with Vyahruti Homa. At the commencement our friends Mrs. Meister, Mrs. Liebleim, Miss Heckel and Mr. Heinn were also with us in the meditation room. Wolfgang, Lina, Elisabeth, Berta and also Miss Schmidt, Miss Schachenmayer, Mr. and Mrs. Zetler, Mr. Rudiger, Mr. Dreyer, Mr. Schedler and others took turns in performing this twenty-four hour Yajnya.

The last hour was extremely beautifully charged with energy of love and harmony. Everyone could feel the strong vibration. The Seven Verses and Gayatri Mantra were done at the end.

The peace that pervaded the atmosphere after practicing this material aid to purification, harmony and meditation was beyond words.

All love for Shree and Vasant from all friends for this great experience we had. We hope more and more round-the-clock Yajnyas will be performed in Germany in future.

In the afternoon there was a Satsang meeting. Peter led the group with the following schedule:

Meditation-music

Relaxing

Meditation

Breathing Techniques that help meditation

Exercises to increase will power

Lecture on why Homa Therapy, why this Satsang meeting.

Peter then explained the message of Yajnya as reiterated in these special times of polluted atmosphere by Avatar Shree Gajanan Maharaj.

Mrs. Meister then told the meeting about her experiences with the Fivefold Path in U.S.A.

Friends from Babenhausen who were in India in March/April this year and had visited Akalkot, Aurangabad showed several pictures. It was a beautiful day on which everybody could learn.

Love from All

West Germany, Frederikshafen

Werner Metzger

Vasant was invited to a Satsang meeting in May by family Yanke at their residence in Frederikshafen.

Before a large gathering, which had gathered from far and near towns Vasant spoke on Homa Therapy laying special stress on the nourishing effect of Agnihotra on plant kingdom. He also suggested a few experiments if anyone would like to try. He further said:

"Vedas tell us of various kinds of Yajnyas for achieving different purposes. Atmosphere is polluted and has therefore an extremely deleterious effect on plants. The rains that we get also have to pass through this filter of pollution and acquire the qualities of pollution which are carried to the plants. By practising these special Yajnyas, mentioned in Vedas, we can inject certain qualities and potencies in the rain. The rains thus become 1) nutritive 2) intellect purifying 3) disease resistant.

Such Yajnyas help retain the energy-cycle of the planet in harmony.

The plants become happy by the resultant atmosphere of these Yajnyas and the effect is carried to human mind. Human mind gets back the bio-feedback effect from plants through the harmonious atmosphere.

Practise Agnihotra for the sake of your plants. Plants are extremely unhappy now. By this process of Agnihotra you inject nutrition into the atmosphere and make plants happy.

Simultaneously you will find yourself getting happier as the tension of the mind is removed."

FROM VASANT'S CORRESPONDENCE

Situations change according to conditions at hand. Things that are told in advance may also change. Nothing is constant. Every person is different. Each has his own free will to exercise in the manner chosen by that person. Not everyone is cut out to do the same work. Similarly, not every person is going to come to the same state. Personal endeavours are left up to the individual. Guidance is given whenever effort is made. Hints are subtly given to gear you on the correct course. However, you must choose your own direction.
