

WARNING TO SCIENCE

Vasant

THE ROTATION OF THE SUN AROUND THIS PLANET IS BEGINNING TO CHANGE. THIS WILL CAUSE CHANGE IN CLIMATE IN CERTAIN PRE-DETERMINED AREAS AND ALSO WILL START A WAVE OF NATURAL DISASTERS.

INNER LIGHT

Vasant

You have the power within you to defeat any evil forces.

Force never yields any constructive results. Force yields only fear and disrespect. No one should be forced into anything, whether it is Divine Will, their will or any other. When you submit to following the plan of the Divine you do not submit to force of any kind.

Simply you seek to purify yourself and in doing so you come under Divine guidance. If you follow this, inner truth will dawn. This does not require that you take lessons in divining or clairvoyance or that you enroll in Cosmic Religion courses. You can do this and still not receive Divine guidance.

A person who wishes to find this "inner light" does so simply by purifying his own thoughts and actions in hoping to become a better individual. One need not seek to become a religious scholar. By deed a man is judged, not by intellectual prowess.

We must look into ourselves, our lives, our environment, our relationships with family and friends. All this you might say is small, insignificant but it is not. One outburst of anger affects the planet. LET US SEEK TO FIND THE KINGDOM OF HEAVEN WITHIN US NOW.

Destruction on the planet is following a definite pattern and daily the cycles repeat themselves. So much crime, disease is now spreading everywhere. If it is not physical disease it is mental. You see it all around you. Agnihotra alone will help to curtail this massive move toward destruction. At least in our own homes let there be peace.

If one can get up one hour before sunrise whole NADI system is effected. It gives cleansing effect followed by Agnihotra. This simply will enhance the effects of

Agnihotra if your breathing has adjusted itself by your being awake one hour early. If this is not possible due to your work schedule or otherwise, continue doing Agnihotra in morning. It is as though a protective shield is placed around you. You renew this at evening Agnihotra.

BAPTISM OF FIRE IS AGNIHOTRA

Vasant

“The vision about the evening and morning sacrifices which have been explained to you will come true. But keep it secret now because it will be a long time before it does come true.”

(Daniel VIII, 26)

(Good News English Bible)

Daniel was asked to keep it a secret, for a long time was to elapse before this particular vision would come true. Now the time has come when all the seals are broken open and knowledge spreads to all the people as the earth enters a new Era. Now it will be a new race of children who will function with more ease with the so-called sixth sense becoming manifest. When the seals put on ancient wisdom are broken open it is the scientist who will first come to know that his knowledge is very limited and that he can draw on this ancient wisdom and benefit all creation.

Vedas is the ancientmost body of knowledge known to man and this knowledge is the common heritage of all races on the planet whether they be white, black, brown, yellow or red. Vedas should not be associated with any sectarian religious label like Hindu, Christian, Muslim, Buddhist, etc. All prophets come to reiterate the basic scientific knowledge given through the Vedas to enable man to live in peace and prosperity. No Scriptures contradict each other. They are to be interpreted considering the conditions and the circumstances in which they were revealed to various avatars and prophets.

“He hath revealed unto thee (Mohamed) the Scripture with truth, confirming that which was revealed before it, even as He revealed the Torah and the Gospel.”

(Holy Quran III, 3)

We have entered a new era. Daniel's prophesy has come true. The morning and evening sacrifice is AGNIHOTRA, the smallest form of Yajnya, the process of purification of the atmosphere through the agency of fire based on one biorhythm. Agnihotra leads to purification of the mind and takes us to the state mentioned in the Bible as “renewal” of the mind. Renewing the mind means making it pure and “Blessed are the pure in heart for they shall see God.” Only with such a cultured

mind one can reach the state "Not my will but Thy Will be done." This is the aim of Fivefold Path.

It appears however that it will be the scientist of the West who will be and who is more interested in examining Daniel's prophesy by methods of experimental science. If only the churches of all religions become open to knowledge like the Western scientist they will be able to benefit mankind even while they choose to insist upon looking through their own windows. The scientist has nothing to lose but his ignorance while the churches of all religions stand to lose their dogma. Western scientists have taken much interest in Agnihotra.

Only through science will mankind be able to reach the Kingdom of Heaven which is within. Only through science we will take to scientific ways to train the mind "to love thy neighbor as thyself."

It is the Divine Will that the message of love goes through the avenues of science. This is why Agnihotra is spreading so rapidly all over the world.

HOMA THERAPY: YUGOSLAVIA/GREECE

Werner Metzger

Stuart and myself started for the tour to Greece on 13th August and we reached the Aumayr family in Austria in the afternoon. We did sunset Agnihotra together in their meditation room and after that we had a good talk to these nice people till late in the evening.

After morning Agnihotra the next day Mr. Aumayr told me one dream he had had recently in which an elderly man appeared amongst people in the mountains who were ill. He mentioned the name "Halligans" as being the name of the mountain tribe. After that I handed him a photograph of Shree and he recognized the elderly man in the dream as Shree. Several weeks later he wrote me that he had read in the latest *Satsang* an article by David about Shree's birthplace in Kharagpur and the teaching of Agnihotra to Harijans there. Mr. Aumayr had recognized the name in the dream as "Harijans."

We left a very happy family Aumayr and reached Weiz, Austria near Graz after a short trip. We met Klaus and Monika there and drove together to Graz where we met Edgar and Walter who run a Homa Therapy Centre in the city. In the afternoon many young people came to meet us and we gave a lecture on Agnihotra and answered several questions. Everybody enjoyed the atmosphere and Edgar and Walter seemed especially happy about the meeting. Copper Agnihotra pots

and literature were left at their place. Next morning we also had a long talk with some people who had come to meet us and who asked many questions.

At noontime on 15th August we left Graz for Yugoslavia to meet a physicist who has been practicing Agnihotra for several years. He has been spreading the message of Fivefold Path among his friends, i.e. scientists in the East and West.

The next evening Mr. H., his friend Dr. G. who is chief of a big hospital with about 250 doctors in Austria, and a nice couple from Munich made experiments with the copper Agnihotra pot and Agnihotra ash. **IN EVERY CASE THE ASH PROVED EXTREMELY HELPFUL IN ANY CASE OF DISEASE. IT COULD BE EXPERIMENTALLY SHOWN HOW THE AGNIHOTRA ASH REMOVES NUCLEAR RADIATION WHICH NORMAL ASH COULD NOT DO.** It became late in the evening till everybody went to sleep because everybody was highly astonished about the effect of Agnihotra and Agnihotra ash.

Dr. G. now sends those patients from the hospital who cannot be cured by using usual medicine to Dr. V. who treats with Agnihotra ash medicines which he prepares himself. All these doctors of medicine agree that the medicine which is normally used by hospitals cannot cure patients any longer. They say they have great difficulties in their minds giving this medical treatment to the patients any longer. **THE DOCTORS AGREE THAT NEW TREATMENTS MUST BE FOUND AND THAT AGNIHOTRA AND AGNIHOTRA ASH MEDICINE BRING LIGHT INTO THEIR DESPERATE SITUATION.** Dr. V. and his wife are thinking of starting a private hospital where they can cure patients with naturopathy and Agnihotra and Agnihotra ash medicine.

On the 17th August Stuart and I left this nice place on the coast of Yugoslavia which is known as Rovinj/Istria. At Zagreb Stuart left for Graz again and I drove further south reaching Thessaloniki, Greece at noon on the 18th. It was nice to meet all our friends who helped me with the work there especially making preparations for the printing of **LIGHT TOWARDS DIVINE PATH** in Greek language. Homa Therapy Farming Bulletins are now in Greek and Agnihotra Ash medicine information will be printed in Greek in the next days.

Nicos Macoulis an elderly friend who is retired and I then left for south of Greece. In Athens we visited friends we had met several years ago and stayed at Mr. Agis Sarakinos' home where we were welcomed heartily. Mr. Sarakinos was much interested in our work and he is making plans to establish a center at Sounion, south of Athens by the sea.

On the 22nd we left for Korinth where we did Vyahruti Homa at this historical place. Some hours later we reached Epidaurus, the very famous ancient Greek place where people went to get rid of diseases. From all corners of the Hellenistic world, i.e. the Mediterranean Sea, patients would come and be treated with nature cure and religion and diet therapy. We did Vyahruti Homa next to the world famous theater followed by Sapta Shloki (Seven Verses) and Agni Sukta. Epidaurus, a place where healing with nature cure is already historical is a good place to continue the tradition with Homa Therapy. We left in the evening and reached Tripolis late in the evening.

In the area of the ancient ruins we did Vyahruti Homa, Sapta Shloki and Agni Sukta. In Olympia a fire ceremony is done every four years when the Olympic games start and the fire is lit directly with the sun's rays by using a parabolic mirror. In the city of Olympia we met a young man who soon becomes a doctor of medicine and we explained the principles of healing with fire. He was very interested.

After some hours we reached Patras and took a boat across the sea. There our ways departed. Nikos went by bus to the Isle of Kephalinia and I drove further to Delphi which is also a world famous place. There I did Vyahruti Homa. To a young German boy from Munich, Fivefold Path and Agnihotra ash medicine was explained while we drove together to Delphi. Late in the evening I reached Asterio's home in Thessaloniki.

On the 25th I left Greece for Italy and reached Florence the next day. I met Hellmut Hoffmann who already knew Fivefold Path and *Satsang* and we had a very good talk on the subject. Mr. Hoffmann is a writer and he uses his knowledge about Agnihotra and Agnihotra ash medicine in articles he writes for several magazines.

SATSANG NEWS

El Paso, Texas

Denise Gant

Practice of Homa Therapy began in El Paso since April, 1978. Since then we have been talking to those whom we felt were interested in the message of Total Love. A public dinner and meeting was arranged for Vasant at Hotel Grande Royale in August, 1978 when for the first time people in El Paso heard of the Homa Therapy farming methods which give a big boost to the crop yield without use of chemical fertilisers or pesticides. Vasant spoke of how the plants become happy when you prepare Agnihotra fire on the biorhythm of sunrise and sunset. The happy plants then give the feedback effect of love to human mind and "It becomes difficult for us to remain miserable."

Sunset Agnihotra was performed at the hotel and then a question and answer session followed. The listeners were sincere and we could see that the seeds were planted. During this time Barry Rathner had arranged an interview on public radio. We discussed Homa Therapy on the radio and we were asked to recite the Agnihotra Mantras for those who were listening. The radio announcer was instrumental in capturing key points regarding Homa farming methods as practiced through history. The program aired for two weeks.

Darlene Debo an Agnihotra teacher who was visiting El Paso introduced me to Bud who was instrumental in asking people to examine by experimental method the claims made by Homa Therapy farming and Homa Psychotherapy. We presented Homa Therapy to the Universal Church of Love. Here I played one of Vasant's tapes, "Talk With Scientists at Ft. Worth, Texas." A question and answer session followed and I was again invited by the church to demonstrate sunset Agnihotra. As a result several members purchased Agnihotra copper pots and Vasant's books "Grace Alone" and "Light Towards Divine Path".

El Paso is the border of US connecting Mexico. From here the message of love through Agnihotra went to Spanish speaking Mexicans across the border.

Pena Blanca, Chile

Irene Mutis who maintains the Fire Temple informs that she and Thelma Buitano performed Yajnya in August and several new people came to watch. There were enquiries about Homa Therapy farming methods. Someone asked whether it would be possible to make a rain making Homa as the region was very dry and needed rain.

MEETING THE MASTER

Helen Farwell

I thought I knew what LOVE meant
Because I'm passed three score years
I've known love of parents, siblings, friends
Of lover, husband, son and grandson
The love of life, of Church, of God
I've walked the Fivefold Path
And daily lit my Agnihotra fire
Done meditation and chanted Mantras
I struggled through life and near-death
Still looking but still sure I knew
The secret of life and Love
Until that day of days I fell at His Feet
Until I looked into His Holy Eyes.
The world changed when He smiled — and then
I knew I'd never known — and probably never will.

***Practice AGNIHOTRA**

for purification of the atmosphere which leads to unburdening the mind.

***Practice DAAN**

(sharing of assets in a spirit of humility) for reducing attachment to worldly possessions.

***Practice TAPA**

(self-discipline) for fruition of thy affirmations.

***Practice KARMA**

(good actions without attachment to the fruit thereof) for self-purification.

***Practice SWADHYAYA**

(Self study, Who am I?) for liberation.

This is the Fivefold Path. Start the spiritual discipline today. The span of life will not be extended. What is given unto you is to utilize wisely every moment of your existence. Let us engage ourselves in meritorious deeds without expectation of reward in the form of name or fame. We can live only in the present moment. The past is no more. The future is yet to be. Do not waste the precious moments in trivia.

Practice the Fivefold Path and you become a better member of your family or community. You will become a more righteous Christian, Jew, Buddhist, Muslim, Hindu, Zoroastrian, Sikh, Jain, whatever be your formal religious label. You may be an atheist or an agnostic, you will benefit by practicing the Fivefold Path. The Fivefold Path sets up life patterns based on biopsychological techniques given through Vedic knowledge. You need not carry the hypothesis of God to practice the Fivefold Path. You start the practice and knowledge will be unfolded to you from within. Believe only what you experience. This is the approach of a true scientist.
